

Our Lady's Preparatory School and Nursery

Our Lady's Preparatory School and Day Nursery

Admissions Policy 2.1

Background to the Policy

Our Lady's School and Nursery does not select or admit children based on their ability. There are systems and structures in place that are designed to help children of all abilities develop and achieve their potential.

All reasonable adjustments are made to accommodate pupils with disabilities and to comply with our responsibilities under the Disability Discrimination Act 1995 (as amended by the Special Educational Needs and Disability Act 2001) and the Equality Act 2010.

Ages for Admittance

Children may be admitted to:

Nursery from 3 Months up to 4 Years old at any time during the year, if places are available. Once a place is accepted, children are invited to the Nursery for taster sessions in order for them to familiarise themselves with the setting and what it has to offer.

School Reception Class in the September following their 4th birthday. Entry to the Pre-Prep is non-selective. Children are invited to the school for a visit to familiarise themselves with the school's surroundings and see for themselves what it is like to be a pupil at Our Lady's.

School Years 1 – 6 as required and only if places are available.

Our Lady's Preparatory School is a Roman Catholic, independent and co-educational school that welcomes applications from all children who will benefit from the education that Our Lady's has to offer and who will fully partake and contribute to the wider life of the school.

All prospective pupils will be offered the chance to attend a "taster" day, if required, in order to experience what the school has to offer.

Registration for a Place at Our Lady's

All children seeking a place at Our Lady's Preparatory School and Nursery should be registered for a place.

A parent or guardian should complete the school registration form to this end. The completed form should be submitted to the Headmaster via the School Office, together with the stated registration fee and deposit.

Registrations forms are available from the school office and also from part of the "Information Pack" that parents receive when they visit the School/Nursery.

Allocation of School Places

Places are allocated to children as follows:

General Admission: The Headmaster and/or Deputy Headmaster will meet all children prior to entry to the School. Children will be interviewed informally and reports from previous schools will be obtained if applicable and/or deemed necessary. The Headmaster and/or Deputy Headmaster may also contact previous schools for further information.

Nursery: upon registration, places can be taken up, if available, or reserved for future admission.

School:

All parents who wish to submit an application must be fully supportive of the Catholic nature and ethos of Our Lady's Prep School.

Subject to fulfilling entrance requirements, places will first be offered to children who are Roman Catholic. Then, pupils will be offered a place subject to the following criteria:

- Children who have a sibling in the school
- Children of staff members already in Pre-School or Nursery for 9 months or more prior to starting in Reception.
- Other internal applicants
- Children who are external applicants (in chronological order)

Reception Class: places can be reserved, if available, upon registration or reserved for future admission.

Years 1-6: places can be taken up, if available, upon registration or reserved for future admission.

School Class Sizes

From Reception Class up through the school to Year 6, there is a commitment from Our Lady's Preparatory School to maintaining small class sizes, as this is part of the school ethos.

The Nursery has more flexibility in terms of the numbers of children that can be accommodated safely and effectively, with additional staff being employed, if necessary, in accordance with Our Lady's Safer Recruiting Policy.

Waiting Lists

Children who cannot be allocated places immediately will be placed on a waiting list.

Any waiting fee / deposit held by the School is refunded when the pupil leaves Our Lady's.

Parents / guardians should be aware that the deposit is non-refundable in the event of the child not subsequently taking up a place once offered by Our Lady's.

Admission to the School

Admission of a child to Our Lady's School is subject to the Headmaster's approval.

The Headmaster and Board of Trustees of Our Lady's reserve the right to require parents to remove permanently a child from the School, if the Headmaster considers, in his/her absolute discretion, that the child's attendance, progress or behaviour (including behaviour outside school) is seriously unacceptable and if, in the reasonable opinion of the Head, the removal of a child is in the School's best interests, or those of that child or other children.

Should parents wish to appeal against the decision, they should put their case in writing to the Headmaster. Should they remain dissatisfied with the outcome, they should contact the Chair of Trustees, c/o Our Lady's School.

Disability

Under its Admissions Policy, the School will diligently consider any application on behalf of children with a disability. It will consider carefully whether enrolling a child would be in the child's best overall interests, with due regard to the level of care required, the practicalities of making any specific and "reasonable adjustments" to the School (and its buildings and facilities), the available resources and with regard to any broader health and safety issues.

Parents, who fail to advise the School of any medical, special educational or physical needs as part of the initial application / registration process, may subsequently put their child's place in school at risk.

This policy has been updated to account for ISA Guidance on the approach schools should consider taking with regards to "reasonable adjustments" in respect of applications from children who have a disability. This section of the Admissions Policy should be read in conjunction with the Special Educational Needs and Disability (SEND) Policy and the SEND Accessibility Plan.

In terms of applying its Admissions Policy for those children with Special Educational Needs and/or a disability, the school promises never to act in a discriminatory way. In line with this, the school will endeavour to make "reasonable adjustments" where practicable and affordable to do so with regards to admitting such pupils and meetings regarding such matters will be minuted and retained in the school office. *However, it is important to note that all schools must ensure that they only admit children for whom they can cater and where the school can act in the best interests of the child(ren).*

Parents are requested to contact the School to discuss their child's special needs prior to application and to provide the School with any specialist reports pertaining to their child's SEND. Access arrangements will be provided for the entrance exam where appropriate; the special need must be verified by a medical specialist or Educational Psychologist's report.

5.17 In Year Admissions

The School should notify their local authority when they remove or add a pupil's name to the admissions register at non-standard transitions.

The School has a right under regulations to delete a pupil for non-return within 10 days after authorised leave of 10 school days or more, or after 20 school days unauthorised absence does not arise until the school and local authority have jointly made reasonable enquiries as to the pupil's whereabouts and failed.

New and Leaving Students - Child Protection Concerns

The School fulfils its safeguarding duty by ensuring that relevant child protection; safeguarding; pastoral concerns; SEN files are passed on to any subsequent school/college on behalf of a student who leaves.

Similarly, a formal request is made to any school where a pupil joins the School at any age for Child Protection; Safeguarding; pastoral concerns information.

Monitoring & review

The School will review this Policy every year and any guidance or advice published by the DfE, ISI and/or other relevant bodies will be monitored on an ongoing basis, in the event that ad-hoc amendments or revisions are appropriate outside of this timeframe.

Equal Opportunities

The School Admissions Policy is aligned with the Equality Act on protected characteristics when reviewing admissions to the School and Nursery. The Equality Act 2010 covers discrimination because of gender, age, marriage and civil partnership, pregnancy and maternity, race, religion or belief, linguistic or cultural background, gender reassignment, SEN, disability and sexual orientation. These categories are known in the Act as 'protected characteristics'.

We aim to provide a safe educational environment in which all pupils are able to access the curriculum, make a positive contribution to the life of the College and achieve their potential. The College is particularly aware of the needs of those children with disabilities and works hard to ensure that pupils with special educational needs are not treated less favourably. For pupils with diagnoses of special needs who, under the Equality Act 2010, have a physical or mental impairment identified that is substantial and long term and which impacts with an adverse effect on day-to-day activities, the College aims to put in place reasonable adjustments to aid pupils' learning and attainment.

ADMISSIONS REQUIREMENTS UNDER LAW, SEPTEMBER 2016

The admissions register must contain, in addition to existing requirements, the address of any new or additional place of residence of the child, the full name of the parents with whom the child will normally live in future and the date from which the child will live there, where it is reasonable practicable for the College to ascertain this information. The register should contain the name of a destination school as notified by the parent and the first day of attendance, where it is reasonable practical for the College to ascertain this information.
